**Subject:** 4th Quarter FY14 Superfund Technical Support Center Report

Greetings,

I am pleased to send you the Office of Research and Development (ORD) Superfund Technical Support Centers (TSCs) Quarterly Report for the fourth quarter of FY14. The TSC Quarterly Report consolidates information on TSC activities that occurred within your region during the previous quarter. A copy of the report is attached and can also be found on the ORD intranet at <http://intranet.ord.epa.gov/science/regional->

[science/tsc/tscquarterly](#). We will continue to upload reports to this site and email them to you within six weeks of the end of each quarter.

Please contact me if you have any questions or comments on the report. The TSC Directors are also available to answer questions about the report. A list of the TSC Directors and their contact information is also attached. We look forward to continuing the partnership among OSWER, ORD and the regions that allows the Superfund Technical Support Project and the TSCs to provide this critical support to program and regional office Superfund staff.

Best,  
Ramona
